- 4.11 Transcripts. Effective May 5, 2008, official court transcripts will be available electronically as follows:
- A transcript provided to the court by a court reporter will be available at the Clerk's Office, for inspection only, for a period of 90 days after it is filed.
  - During the 90-day period, a copy of the transcript may be obtained from the court reporter at the rate established by the Judicial Conference. The transcript will be remotely electronically available to any attorneys of record who have purchased a copy from the court reporter.
  - After the 90-day period has ended, the transcript will be available

for copying in the Clerk's Office and for download through PACER.

**The parties are responsible to ensure that the transcript is redacted in conformity with *Federal Rule of Civil Procedure 5.2* and *Federal Rule of Criminal Procedure 49.1* even if the transcript is requested by a judge, another party or a member of the public/media.**

Unless otherwise ordered by the court, the parties must review the following portions of the transcript:

- statements of the party;
- the testimony of any witnesses called by the party;
- any transcript of a sentencing proceeding; and
- any other portion of the transcript as ordered by the court.

The Clerk of Court will notify the parties upon the filing of a transcript. Within seven (7) calendar days of the filing of the transcript, a party who has determined the transcript should be redacted pursuant to the federal rules must file a Notice of Intent to Redact and serve a copy of the Notice on the court reporter. If redaction is requested, within 21 days of the filing of the transcript, the party must file a Redaction Request (and serve of copy of the Redaction Request upon the court reporter), indicating where the personal identifiers appear in the transcript by page and line and how they are to be redacted.

If an attorney fails to timely file a Notice of Intent to Redact or files a Notice of Intent to Redact but fails to timely file a Redaction Request or motion to extend time, no redactions will be made and the original transcript will be remotely publicly available after 90 days.

In order to request redactions other than those set forth in the federal rules, a party must file a separate motion to redact.

If a redacted transcript is filed with the Court, the redacted transcript will be made remotely electronically available through PACER after 90 calendar days from the date of filing of the original transcript and the original transcript will be sealed. If there is no redaction of the transcript, the original transcript will be made remotely electronically available through PACER after 90 calendar days from the date of the initial filing of the transcript.

The adoption of this order is not intended to create any private right of action.

## 5. Registration and Passwords

Only a registered Filing User may electronically file documents with the Electronic Filing System.

Attorneys practicing before the Court, including those admitted *pro hac vice* and those authorized to represent the United States, shall, absent good cause shown, register as Filing Users of the Electronic Filing System. Registration shall be in the form prescribed by the Clerk and require each registrant's name, address, telephone number, Internet e-mail address and a confirmation that the attorney is admitted to practice before the Court. Registrants shall also have a PACER account and certify that they have read the Electronic Case Filing Rules and Procedures and will abide by them.

A party to an action who is not represented by an attorney may, with the Court's permission, register as a Filing User solely for purposes of that action. Registration shall be in a form prescribed by the Clerk and require identification of the action as well as the party's name, address, telephone number and Internet e-mail address. If, during the course of the proceeding, the party retains an attorney who is a registered Filing User, the attorney shall, upon entering an appearance, advise the Clerk to terminate the party's Filing User registration.

Registration as a Filing User constitutes consent to electronic service of all documents as provided herein, by the local rules of the Court and by any applicable rule of procedure.

Once registration is completed, the Court will send the Filing User an electronic confirmation of the assignment of a login and password.

No Filing User or other person may knowingly permit a Filing User's login and password to be used by anyone other than an authorized agent of the Filing User.

Filing Users agree to protect the security of their passwords and immediately notify the Clerk if they learn that their password has been compromised. Filing Users may be sanctioned for failure to comply with this provision.

In the event that a Filing User believes that the security of an existing password has been compromised and that a threat to the Electronic Filing System exists, the Filing User shall immediately give notice by telephone to the ECF Help Desk<sup>4</sup>, so the Clerk's Office can render the password

invalid. Filing Users giving telephonic notice that a password has been compromised shall also confirm that notice by facsimile transmission to the ECF Help Desk.

## **6. Signatures**

Use of the login and password issued to a Filing User to effect the electronic filing of a document shall serve as the Filing User's signature on that document for all purposes, including those of Fed.R.Civ.P. 11.

Electronically filed documents shall set forth the Filing User's name, address, telephone number and Board of Professional Responsibility registration number. In addition, the Filing User's name shall be typed in the space where the signature would otherwise appear preceded by the symbol "s/".

A document containing the signature of a defendant in a criminal case may, at the option of the presiding judge, be filed: (1) in paper form with an original written signature; or (2) in electronic form as a scanned image of the document containing an image of the defendant's signature.

In order to file a document required to contain the signature of more than one person, the Filing User shall: (1) file a scanned image of the document containing all necessary signatures; (2) file the document without the requisite signatures but with a representation by the Filing User that all signatories have consented to the filing of the document; or (3) file the document in any other manner approved by the Court.

Documents requiring an original signature other than that of the Filing User (*e.g.*, affidavits and declarations) shall be filed by transmitting a scanned image of the document to the Electronic Filing System in PDF format.

A non-filing signatory or party who disputes the authenticity of an electronically filed document containing multiple signatures must file an objection to the document within ten days of the Notice of Electronic Filing.

## **7. Retention Requirements**

An electronically filed document that requires an original signature other than that of the Filing User (*e.g.*, affidavits and declarations) shall be maintained in paper form by counsel representing the party on whose behalf the document was filed for one year after all time periods for all appeals expire. On request of the Court, counsel must provide the original document for review.

## **8. Effect of Electronic Filing**

Electronic transmission of a document to the Electronic Filing System,

together with the transmission of a Notice of Electronic Filing from the Court, constitutes filing of the document for all purposes under the Federal Rules of Civil and Criminal Procedure and the local rules of this Court, and constitutes entry of the document on the docket kept by the Clerk under Fed.R.Civ.P. 58 and 79 and Fed.R.Crim.P. 49 and 55.

Each electronically filed document, as stored by the Court, becomes a part of the Court's official record and the filing party is bound by the document as filed. Except in the case of documents first filed in paper form as required under paragraph 4 (which is deemed filed as of the date and time stamped on the paper filing), an electronically filed document is deemed filed as of the date and time stated in the Notice of Electronic Filing generated by the Electronic Filing System.

Filing a document electronically does not alter the filing deadline for that document. In order for a document to be considered timely filed on a deadline date the filing must be completed on the deadline date before midnight (local time) in the division where the case is pending.

## **9. Electronic Service of Filed Documents**

The Notice of Electronic Filing generated through the Electronic Filing System shall, upon transmission by the Court, constitute service of the filed document upon Filing Users participating in a pending action. Parties who are not Filing Users must be served with a paper copy of any electronically filed document in accordance with the applicable federal rule of procedure.

A certificate of service must be included with all electronically filed documents stating that service was made upon Filing Users through the Electronic Filing System and further stating how service was accomplished on any participating party or counsel who was not served through the Electronic Filing System.

Initial documents, such as a complaint and summons in a civil case, must be served in accordance with the applicable rule of procedure.

## **10. Notice of Court Orders and Judgments**

Immediately upon the entry of an order or judgment in a case assigned to the Electronic Filing System, the Clerk shall electronically transmit to Filing Users participating in the case a Notice of Electronic Filing. Electronic transmission of the Notice of Electronic Filing by the Clerk to the participating Filing Users shall constitute notice as required by Fed.R.Civ.P. 77(d) and Fed.R.Crim.P. 49(c). The Clerk shall give notice in paper form in accordance with the applicable rule of procedure to a party who has not consented to electronic service.

## **11. Filing and Issuance of Court Documents**

All orders, decrees, judgments, notices and other court-issued documents shall be electronically filed in accordance with these procedures. Upon filing such documents will be deemed to have been entered on the Court's docket under Fed.R.Civ.P. 58 and 79 and Fed.R.Crim.P. 49 and 55. Any order or other court-issued document filed electronically without the handwritten signature of a judge or clerk has the same force and effect as if the judge or clerk had signed a paper copy of the document and it had been entered on the docket in paper form.

The Court may enter orders as entries on the Court's docket without filing a separate order in the Electronic Filing System. Such orders are official and binding upon the parties.

The Court may issue warrants or summonses electronically. However, they may only be served in accordance with Fed.R.Civ.P. 4 and Fed.R.Crim.P. 4(c).

A Filing User submitting a document electronically that requires a judge's signature must promptly deliver the document in such form as the presiding judge requires.

## **12. Sealed Documents**

Documents ordered to be placed under seal shall be filed in paper form and not electronically unless specifically authorized by the Court. The paper document shall be accompanied by a disk or CD-ROM containing the document in PDF format. A motion to file documents under seal may be filed electronically. An order of the Court authorizing the filing of documents under seal may be filed electronically. A paper copy of the order allowing documents to be filed under seal shall be attached to the documents when the documents are submitted to the Clerk for filing.

## **13. Technical Failures**

A Filing User whose filing is made untimely as the result of a Technical Failure may seek appropriate relief from the Court.

## **14. Filing Errors**

The Electronic Filing System will not allow a Filing User to correct a filing after it has been electronically submitted. Filing Users shall report Filing Errors to the Clerk's Office. If appropriate, the Clerk will make an entry in the Electronic Filing System indicating the document was filed in error. Filing Users may be required to re-file the document or file a motion requesting relief.

## 15. Public Access

Members of the public may review docket sheets and unsealed documents contained in the Electronic Filing System at the Clerk's Office or through the Court's Internet site, [www.tned.uscourts.gov](http://www.tned.uscourts.gov), after opening a PACER account.

## 16 Hyperlinks

Electronically filed documents may contain the following types of hyperlinks: hyperlinks to other portions of the same document; hyperlinks to other documents filed in CM/ECF; and hyperlinks to a location on the Internet that contains a source document for a citation.

Hyperlinks to cited authority may not replace standard citation format. Complete citations must be included in the text of the filed document. *See* E.D.TN. LR 7.4. Neither a hyperlink, nor any site to which it refers, shall be considered part of the record. Hyperlinks are simply convenient mechanisms for accessing material cited in a filed document.

The court accepts no responsibility for, and does not endorse, any product, organization, or content at any hyperlinked site, or at any site to which that site may be linked. The court accepts no responsibility for the availability or functionality of any hyperlink.
